

Cake Serving Guide & Price Sheet

The charts below will help you determine which size cake(s), and/or cupcake quantity to serve your party. Cake slice serving amounts are based on party-size portions of 2 in. x 2 in. and wedding size portions of 1 in. x 2 in. We price our cakes per serving. Starting prices are based on the “Party Servings” column of each chart. All two-layer buttercream cakes start at \$4.00/serving and all two-layer fondant covered cakes start at \$5.00/serving. Four-layer cakes start at \$5.00/serving for buttercream cakes, and \$6.00/serving for fondant covered cakes. Cupcakes have the same serving size for both parties and weddings. Our decorative cupcakes start at \$3.50/serving for buttercream designs and \$4.50/serving for fondant designs.
